Hi Len,
I lived just up the road when you were at Little Hadham and I remember the Hodgkinson`s. I also took a lot of photo`s of the village in the 70`s and 80` and i have been collecting old photo`s of the village ever since despite moving to Suffolk 20 years ago. I would be very interested to have some copies for my collection if that could be possible. My email address is nstockton@mail.com if you - or anyone else who has any old photo`s - could send me any.

Regards
Neil Stockton

My Husband was born in Little Hadham at the Ridgeway in 1950 and lived there apart from five years in the RAF and until we married in 1974, I lived at Hadham Hall School from 1970 - 1974 as my father was the assisant caretaker and my mother did the laundry for the broaders.
We try to get back at least once a years to visit old stomping grounds and to visit family grave at the church, we where shock to see how much things have changed, the school no longer there but just a

housing estate, a lot of all the old residents have moved on or past away so don't really know anyone there now.
